POWDER MONKEY

Co-Founder and CEO Andy first found the building that spawned Powder Monkey Brewing in 2019. An Historic Naval Gunpowder Store in Priddy's Hard, Gosport, it had remained empty and partially derelict for over fifty years.

Despite its shocking state, the vision was born, and the work began on planning the brewery and developing the brand. The name Powder Monkey relates to the boys who carried the gunpowder to the guns on board ships.

Having recruited Mark, our Head Brewer to the team, Andy & Mark spent many hours planning the working side of the brewery, specifying the equipment and ensuring it was as efficient and productive as possible.

Roll forward to July 2021 and the new facility was up and running and the first beers brewed.

Powder Monkey also has a Tap House located nearby, boasting 16 keg lines, and serving a variety of drinks and craft bites

Based on the South Coast with almost 15 years experience, I have had the pleasure of photographing events across many amazing venues and have met with so many incredible people, capturing lasting memories from their special days.

I absolutely love doing what I do and I hope this is reflected in what you see throughout my image galleries. I photograph using a natural candid approach rather than completely posed, and I make it my purpose to capture the emotion in every picture.
